MEMORANDUM FOR:

SUBJECT :

25X1

25X1

1 I have set up some meetings with [redacted] and other Office Division Chiefs involved as you suggested. These meetings will take place on Monday and Tuesday, 21 and 22 August. I believe [redacted] will be joining us as we now begin to look at each case in accordance with some further ideas developed at my meeting with [redacted] on the 16th.

25X1

2 As you will remember, I mentioned to you that [redacted] was particularly interested in coordinating any contacts with the DOD or other Government Agencies through whom we may be contracting. He is most anxious to protect the Supply Division channel to these Agencies and would request that you contact him in those cases involving other Agencies.

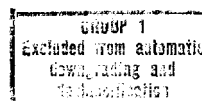

3. Our second meeting with [redacted] is scheduled for 20 September. At that time we will probably have a much better feel for the ramifications of each case and perhaps you would like to sit in on that meeting. I will keep you and [redacted] informed of our progress and any problems that may arise as we move towards the implementation of the guidelines.

25X1

P. X
